This Third Annual Veterans Day ceremony at Whispering Hills Memorial Nature Preserve and Natural Cemetery will feature the Troup County High School Air Force JROTC Color Guard, patriotic songs, heartfelt remarks, a bugler playing taps, and presentation of U.S. government veteran service medallions received in the last year.

Veterans are increasingly opting for affordable natural burials in a beautiful, peaceful setting like Whispering Hills, and their families have expressed strong interest in the U.S. Government's Veteran Medallion and burial reimbursement programs. The Whispering Hills team is happy to help veterans apply for both of these important programs.

Twenty-Four (24) veterans to date have secured their final resting place at Whispering Hills. Nine (9) are currently buried among the towering trees and the rolling streams and meadows. All of them will be honored with an American Flag on this Veterans Day 2025.
